A large, white sofa with a dark piping detail along the edges. It is adorned with several pillows in shades of grey and white. Above the sofa hangs a framed painting of a coastal scene with a church on a cliff. To the right of the sofa is a grey double door leading outside.

A wooden armchair with a unique, woven seat and backrest made from light-colored wood slats. The chair is positioned on a large, patterned rug with geometric and organic designs in shades of beige, brown, and grey.

A small, round marble-top side table with four thin, light-colored wooden legs. On top of the table are two white, fluted candlesticks holding white candles, and a thick, hardcover book with a black and white cover.
